1981

To the readers of the 1980-1981 edition of the Elk,

The 1980-81 annual is dedicated to the students of Stratford High School, because this annual is for the students. I know that there are many errors, dark or light or blurry pictures and etc. I hope that all of these errors can be overlooked and that this annual can be enjoyed by everyone who picks it up and looks at it.

Thank You,

Anthony Slover

editor of the 1980-1981 annual

PROSPICE
by Robert Browning

Fear death?—to feel the fog in my throat,
  The mist in my face,
When the snows begin, and the blasts denote
  I am nearing the place,
The power of the night, the press of the storm,
  The post of the foe;
Where he stands, the Arch Fear in a visible form,
  Yet the strong man must go:
For the journey is done and the summit attained,
  And the barriers fall,
Though a battle's to fight ere the guerdon be gained,
  The reward of it all.
I was ever a fighter, so—one fight more,
  The best and the last!
I would hate that death bandaged my eyes, and forbore,
  And bade me creep past.
No! let me taste the whole of it, fare like my peers
  The heroes of old,
Bear the brunt, in a minute pay glad life's arrears
  Of pain, darkness and cold.
For sudden the worse turns the best to the brave,
  The black minute's at end,
And the elements' rage, the fiend-voices that rave,
  Shall dwindle, shall blend,
Shall change, shall become first a peace out of pain,
  Then a light, then thy breast,
O thou shoul of my soul! I shall clasp thee again,
  And with God be the rest!

Stratford High School Student Council 1980-1981

The Stratford High School had many activities this school year. Includin the annual food drive for Boys Ranch and Girls Town. Many plans wer discussed for the student park (between the Home Economics building an the biology room) for the years to come. The student council also sponsore a kiss a pig contest to help the Willie Arthos, in which the teacher wit the most money was to kiss a pig. Mrs. Price won the contest, but did n kiss the pig for unknown reasons, but many members of the faculty di The student council also sponsored many dances throughout the year. Th student council was also responsible for the elk on the gym floor gettin painted. Mrs. Alice Lockmiller of Hereford painted it. The Jr. High studer council helped pay for part of the elk. The student council also repaire the horns on the elk in front of the school after they had been torn of Lee Riffe, Tom Guthrie, and David Aduddell helped a great deal with th horn repair. During the summer Valerie Englebrecht, Brenda Jones, Ma Coble, and Anthony Slover attended a leadership workshop in San Angel Texas.

Senior Class History 1981

Back in 1969, 96 little buckaroos hit the trail across the Great Divide of Knowledge. A few of them were lost along the rail, but 48 have trudged on down the trail encountering many adventures along the way.

It was in first grade that this sweet group of six-year-olds began to establish the true spirit of the cowboy. A latecomer oined the group then. Her name was Barbara Duran.

It was at this point that Wade and Darryl strayed from the trail to spend some time in the book room with Mrs. Bollinger. Guys, did you really like to read that much? Oh, and Bruce, did you enjoy wearing Mrs. Corley's headscarf? It really added o your outfit! And let us not forget the sweethearts of the early part of the trail ride—Roger and Jill! What a pair they made issing on the Mary Ellen playground!

From this romantic part of the journey, our little group rode on to second grade. There the shyness and meekness that only ookies can possess disappeared to make way for more hearty and robust antics. Tommy will surely recall the time in second rade when Mrs. DeBord used "de board on his body" because he placed a Dole banana sticker on Carrie Riffe's nose and oppled her over in her chair.

Third grade was characterized by even more rambunctious and risque adventures. Roger, have you ever learned to keep our pants up? It seems that in third grade he stood up to go to the front of the class and his pants went down to his knees! The belt buckle was the culprit to blame for all the commotion!

During this exciting year Darryl practiced his grooming skills on Susan Fesler. He decided (during church) that her braid eeded trimming. Was it worth it, Darryl?

A memorable event during the fourth grade year was when Frank Dietrich sang "Silent Night" in German. He still possesses hose singing talents—remember the pep rally last year?

Also highlighting the fourth grade year was Annette Hampton's demonstration on rope-making during a study of hemp. Three ump ropes were the product of much hard labor!

The fifth grade began on a very exciting note. Darryl stuck his hand through a window—what an impression he made on Mrs. Kendrick!

Jim Owen met fame during the same year when Mrs. Martin made him go outside the room for something he promised he id not do!

And let us not forget another addition to the trail riders in fifth grade—Julie Willard.

In sixth grade, the highlights of the year were when Billie Harrison was seen picking jelly beans coming back from the Tri State Fair, and Phillip Keener was seen sitting on Mrs. New's lap. What a way to wind up Middle School!

With seventh grade came the responsibilities of Junior High and more blazing saddles for our group! During this time Darla Hammons and Emily McReynolds became known as the "Gold Dust Twins." You never saw one without the other!

One teacher mentioned that it was during this time that Melaney began to have trouble keeping her mind on her school work nstead of on boys. But, Tammy turned away from the boys. One tried to kiss her in 7th grade, and she turned away and left im standing!

Just as Tammy turned away from the boys, Tim Zaricor evaded the barber! He still seems to be successful at that!

Anthony provided some excitement in junior high when he brought along some Playboy magazines for the Christmas party. Along these same lines, some "playboy" wrote some very interesting notes on erasers to Annette Hampton. And Kim Clements stablished herself as quite a versatile "playgirl" when she mastered the art of dipping snuff and kissing at the same ime!

Darrell Meyer made an emergency stop on the bus during junior high and Ron was kicked out of Mr. Plunk's history class. You didn't make fun of his International tractors, did you Ron?

Mr. Plunk's class was also the site of some excitement in eighth grade. Jim Owern, has it ever been clarified as to who threw he pen caps into the light fixtures? Maybe you can clear up the mystery! Oh—another question—Renee, what happened with he stapler in typing class? Maybe Tim and Soren could remember. It seems they spent many hours in typing class trying to erfect their form. Mrs. Woods did say that they did manage to "squeak" by!

Ah! The days of coke breaks and candy parties came to an end, and our ever-dwindling group started their trek up the high chool trail. It seemed quite bumpy at times, but the stops along the way were full of fun and friendships! And it seems Suzanne oth of these in another town—Texhoma?

Wade will probably remember the fun he had before the prom when he was a sophomore. His car really took some bumps n the curbs (I mean the trail.)! Speaking of cars, Victor, have you found your stolen car? Don't feel bad Victor, Frank can't ven buy a car that runs! But Barbara Duran can! Barbara, have you gotten any tickets for chasing truck drivers lately?

Another class member seen speeding around our fair town was Carrie Riffe. Every driver around has learned to dodge the ittle blue pick-up with all the kids flying out the back!

Still speaking of cars, (parked cars, that is) Joe, do you remember the time you thought you were caught by Carol's Dad? uite a shock, right Joe?

Another shock that really jolted one of the group was a childhood illness at the age of 18. Well, Kerry how was the Chicken ox? It you haven't decided, maybe you and Blair could get together and come up with some ideas!

And Mahesh, what advice do you have for people taking their driver's test? Maybe if they wouldn't tremble so much, it would e easier to write down the answers.

On down the lane we find that Brenda Jones had to put on quite an act because she "threw a shoe" at the Halloween Carnival. ood performance Brenda! Oh—performances! How does Lee's kisser perform? One girl mentioned that maybe he needs kissing essons. Hmmmm . . . Who would that be?

I'm sure it's not David Albert. Now he could give some lessons on the technique of the handshake. That's about as much un as "kissin' your sister" isn't it David? Oh yes, zipper check David!

Checked—let's see—that calls to mind another memory—oh no—the word is decked not checked. It must have something to o with Duane and Garry Blain in the old gym. What a knock-out!

Terri can probably remember a knock-out—do you still get a kick out of horses, Terri?

Maybe not. That was about as much fun as the time David Davis played "ditch 'em" and landed in someone's front yard! rouble! Trouble? D'Aun did you really have trouble with Mike Pool or were you just playing hard to get?

This brings to mind the trouble Tommy had "Tryin' to Love Two Women," and the trouble Sid had trying to avoid Mr. Hembree n the back roads of Sherman County. Ah—the plights of romance! Where romance is concerned, love letters are always present. . R., have you received any more love letters lately? And Frank and Duane have surely had some Ding-Dongs lately. Is it rue you guys like Ding Dongs, but the Ding Dongs don't like you?

Let's see—was Ding Dong one of the nicknames given to Susan Stokes at the state FHA meeting? Oh, no—they were Davy r Birdie? What's the story behind that Susan?

Maybe Deide can help explain. As a Future Homemaker she has learned to follow recipes to the "T." When a recipe says ix by hand— Deide mixes by hand!

Well, the trail blazers that mounted their horses in 1969 at Mary Allen have reached the end of the high school trail. Some ave saddle sores and some have suntans, but the trip will always hold many memories for all of you!

Oh—yes—lest we forget! Susan Fesler, the date of the band banquet will be posted on the school calendar, so don't forget o check it!

Senior Class Will 1981

As the last part of our visit in Urban Cowboy Country, we would like to read the will from the Seniors to the Juniors. Th are some things that will always be considered sacred "treasures," such as John Wayne's boots, Walt Garrison's snuff b and Lorne Greene's Cal Kan dog. But, the Senior cowboys and cowgirls possess many qualities and abilities that they w to pass on to the Juniors—to be received and treasured with as much care as the previously-mentioned keepsakes.

They are as follows:

Kim Clements wills her trips to Dalhart to Carrie Brown, Lane Johnson and Sheryl Brewer. Whoops! Wrong way—th town is Gruver.

Tammy Bilbrey wills her marriage license to Keri Perrin, Daron Night and Elva Olivas.

Wade Blake wills all of his fantastic parties in the 8th grade to Chris Stanley and Neff Dettle.

Matt Coble bestows his ability to drive to Guymon in 25 minutes to Dean Mitts. We hope, Dean, that you can miss the tru at 85 m.p.h. too! Boy, he sure can drive!

David Davis wills Christine Brooks to Bryan Terry.

Frank Dietrich wills that special red-head from Amarillo to Obidio Gomez.

Barbara Duran leaves her endless supply of ink pens to Ricky Duran, who never seems to have one!

Brenda Jones leaves her ability to roll her eyes in band to Margarita Saenz.

Phillip Keener wills his nickname, "Fleaman," to Don Duke.

Darrell Meyer wills his hogman profession to Paul Artho.

Bruce Moore leaves all his senior book reports to Robin Davis.

Jill Pronger wills her car to Shauna Brown.

Rosa Escamilla wills her ability to grow to Craig Sladek.

Jim Owen wills all his shirts with the number 41 on them to Rusty Harbour.

Susan Fesler wills her motherly abilities to Leslie Flores. Now instead of having a "Momma Fess" we will have a "Mom Less"!

Blair Frizzell wills the chicken pox to Buddy Schertler to take the place of a broken collar bone and appendicitis. Bud wouldn't know how to go through one full year without a catastrophe!

Soren Gibson wills his quietness to Steve Phillips.

Kerry Hamilton wills his chicken pox to Jennifer Wells so that she and Buddy can be a matching pair.

Tim Zaricor wills his ability to not come to school to Garry Blain. But, Tim's absence is excused!

Tommy Guthrie wills his exciting senior love life to Karen Lundberg and ViAnn Ferguson.

Renee Hager wills her ability to know what everything means to Lana Adams.

Darla Hammons bequeaths her trips to "Cowboys" to Shelly Summerour. Hope you look older than you really a Shelly!

Terri Young bestows her cowboy boots to Cindy Carpenter and Nora Rendon.

Joe Zak leaves all his old girlfriends to Obidio Gomez and Tommy Olivarez.

Victor Woody wills his very large cowboy hat to Bryan Wright and Sherwin Burton. Maybe you guys can get a Dalh girl too!

Deide Aduddell wills her belt buckle, which is the size of a hubcap to Carol Chesher.

David Albert wills his ability to argue with Mr. Haynes in Trig to Joe Bill Boren.

Suzanne Almquist wills Texhoma to Tamara Hager. Turn it upside down, Tamara!

Bevilyn Avent wills Jimmy Wright to Sherri Baker. We hear Sherri likes cowboys!

We will conclude the will by mentioning that most wills begin by stating that the people concerned are of sound mind a body. You will note that we have intentionally left this part out. However, all the seniors are physically present and we ho you have enjoyed our concluding part.

Senior Class Prophecy

Just as you seniors have memories of the past, we juniors have some ideas of what the future holds for you. Riding one ght on the mechanical bull you see to my left, I was able to reach a point where I could visualize where each of you will in the future. This is what I saw:

Sid Sawyer is raising show calves and grandchildren for his father-in-law, Jack Harris.

Billie Harrison is selling Merle Norman cosmetics in the halls of Stratford High.

Anthony Slover has been chosen as the PSU Aggie Of The Year because his involvement in all *campus activities: campus newspaper, track and field events, yearbook editor, campus council, and the list goes on and on.*

Roger Allen was chosen as most likely to succeed on the football team at TCU, after six years of playing on J.V.

Renee Hager has donated her body to medical science so that they can run experiments on how to make her legs grow.

Darla Hammons is living off her parents in a nice house and driving a Cadillac.

Soren Gibson is touring the world with his homemade automobiles.

Duane Springfield is dumping spit-buckets for Sugar Ray Leonard.

Ron Pulliam is the first to break the 30 second free fall in the high hurdles.

Darryl White is a sports broadcaster recalling how he would have made the tackle if he had not fallen down.

Deide Aduddell is now living in a South American convent teaching nuns western dance.

Mahesh Bhakta is now back in India teaching what little he has learned.

Susan Stokes now owns her own stand called "10 cents an Opinion."

Phillip Keener still comes to the high school at 8:05 every morning to pick his girlfriend up as she gets off the bus.

Bevilyn Avent is corralling ten little greasy mechanics around the dinner table.

Suzanne Almquist is now presiding as a new social-director of the psychiatric pavilion in Amarillo, Texas.

D'Aun Oquin is the editor of the Stratford Star.

Victor Woody is Stratford's Skid row bum trying to pick up girls at all of the dances.

Annette Hampton is now the best hog caller in the United States.

Blair Frizzell is married and is a neurotic car salesman.

Bruce Moore is a professional bachelor, boy scout, and owns the largest personal library in the United States.

Jim Everson, after retiring from athletics at 41, is now the largest "athletic supporter" in the country.

David Davis is still working at North Texas Wholesale waiting for his wife to graduate.

Matt Coble has won a name for himself by winning the most Barry Manilow look-alike contests ever.

Wade and Tammy haven't been seen since July 3, 1981.

Brenda Jones is still trying to get serious without crying.

Joe Zak is now married and has cured his ulcer with good home cooking.

Valerie Engelbrecht is now the smartest person not to know anything and is president of every club in Stratford.

Tom Guthrie is now manufacturing beanbags with holes in them.

Susan Fesler is still trying to control her arms—they jump to attention every time she hears a whistle.

Frank Dietrich has taken Johnny Miller's place modeling an elite line of men's golf fashions.

Noemi Olivas is the only girl attending TSTI who is allowed to keep her cat, "Kitty," in the dorm.

Barbara Duran is a gourmet chef preparing her world-renowned Guacamole Dip.

Rosa Escamillo is a combination P.E. teacher and counselor in Mexico, where she traveled many years at Christmas time.

Tim Zaricor will be speeding through Stratford as a conductor for the Santa Fe railroad.

Jacque Shields will be directing plays on Broadway as a follow-up to her many years of experience with one-act plays.

Carrie Riffe is now sliding down the highway to the ski slopes. Look out cars! It's "Angelfire or Bust," but with her driving, it's mostly bust.

William Naugle will have his own chain of food stores called "Wilma's Wonder Market." If you'll notice, it has a sign on the door which says: "Work here and we will make you manager in two weeks."

Julie Willard will be having her own $1.98 Beauty Contest. For pointers, call Julie at the Lawrence Welk Show where she will be advertising Rose Milk.

Jill Pronger is now the Sherman County Extension Agent.

Melaney Howard is currently the owner of "Cowboys" in Amarillo. One of her duties is recruiting girls. Come on girls! You might get your picture on the wall too!

Kim Clements will be sitting in Dalhart with all her kids. And to keep them occupied she buys them Barbie-Dales (dolls).

Kerry Hamilton is a famous researcher in the Department of Health. He is working on a preventive cure for chicken pox in the eighteen year old. It's too late to help some of us now, but maybe other seniors won't have to suffer!

Lee Riffe has also begun work in the area of research. He has manufactured a special kind of Cert that is invisible in the hand, but very effective as a "Pre-Kiss" mint.

Terri is now drawing pictures for Quarterhorse Journal. *The only problem is that she can only draw one end of the horse!*

Darrell Meyer still falls asleep every time the word "government" is mentioned. This has something to do with the tone of Coach Dollar's voice all those hours in government class.

David Albert is the ROTC general who commutes back to Cut Rate to work in the evenings.

What a ride! Perhaps my picture of the future is different from what the real future holds for you, but maybe we weren't far off the trail!
